**LEADERSHIP PROGRAM**

Presents the

# **Ramon Magsaysay Transformative Leadership Institute NextGen Leadership Program**

**Inspiring Greatness of Spirit. For the Future of Asia.**

An empowering leadership program for a select group of young Asian leaders who will be mentored by Ramon Magsaysay Awardees

**June 14-25, 2021**

**via ZOOM**

“

“There is a certain impatience in the YOUTH which is really nothing more than their energy eager to be put to use. Young people want action, and if they would listen to words, they must be words that lead to action. With a little experience and direction, those are the energies that make the LEADERS who will eventually shape the nation and determine the course of history.”

**RAMON MAGSAYSAY**

**7th President of the Philippines**

**NEXTGEN**  
LEADERSHIP PROGRAM

This program provides mentorship opportunities for budding young leaders, **18 to 25 years old**. This will run virtually from **June 14 -25, 2021**. Through this initiative, this program seeks to harness the NextGen leaders' creative energies to take on the challenges of the times. We hope that the participants will be able to adopt leadership gems from interacting with the roster of Ramon Magsaysay Awardees, Asia's transformative leaders.

## WHY ARE WE DOING THIS?

---

The program will inspire the NextGen leaders to journey as the Magsaysay Awardees did, starting small and ordinary, then building up to create impactful social innovations in collaboration with their communities and partners. Now is the time to give the NextGen the exposure, skills, training, and more importantly the proper mindset and “spirit” needed to begin their own leadership journey in all sectors they wish to serve - society, enterprise, business, and government.

# TOWARDS WHAT RESULTS?

---

We are looking to prepare the NextGen leaders to bring hope to communities post the 2020-Pandemic. Inspired by the Magsaysay Awardees' strength of character, purity of intention, and selfless commitment towards collective good, this program hopes that the NextGen leaders will work towards amplifying the advocacies our Awardees are involved in. With sustained awareness and continuity of their solutions, we may finally see an end to the most pressing problems of Asia.
